

Remoan Toumani

Front-End Web Developer

In the digital realm, I craft responsive layouts and interactive experiences with HTML, CSS, JavaScript, and React. Collaborating with fellow code artisans, we create exquisite digital experiences. Join me in the pursuit of the ultimate user journey.

Education

Diploma in Software Engineering

Damascus University, Damascus | September 2018 - October 2023

Received comprehensive education in Software Engineering, applying engineering principles to software development within a rigorous academic environment.

Projects

BaguetteApp CRM (Owned By ASTUDIO - UAE)

I co-developed BaguetteApp CRM with an agile team, using Git for version control and Next.js for efficient development.

Al-masri Operation Management System

As a front-end developer on the Al-masri Operation Management System, I enhanced operations using React and Redux Toolkit.

Mini E-commerce App

I developed a solo Mini E-commerce App with React, managing frontend and Firebase integration.

Befit Gym websit

As a front-end developer on the Befit Gym App project, I crafted intuitive user interfaces using React.
